

Hydrologic Unit Code

10060006

Watershed**BIG MUDDY**

ID	Segment ID	Waterbody Segment	List Category	Size	Use Class	Use Support				Probable Causes of Impairment	Probable Sources of Impairment
						Aqua Life	Cold Fish	Warm Fish	Drink Water	Swim (Rec)	
1	MT40R001_010	BIG MUDDY CREEK northern Fort Peck Res. boundary to the mouth (Missouri R)	5	80.8 M	C-3	P	P	X	Siltation	Agriculture Grazing related Sources Flow Regulation/Modification Hydromodification	
									Flow alteration		
									Other habitat alterations		
									Riparian degradation		
									Nutrients		
2	MT40R001_020	BIG MUDDY CREEK from Canada to northern boundary of Fort Peck Reservation	5	114 M	C-3	P	P	F	Nutrients	Agriculture Crop-related Sources Grazing related Sources	
									Organic enrichment/Low DO		
									Other habitat alterations		
									Riparian degradation		
									Metals		
									Copper		
									Lead		
									Mercury		
									Zinc		

F = Full Support	P = Partial Support	T = Threatened	N = Not Supported	X = Not Assessed
